

A doorman admits you to the two-story lobby with its feeling of elegant living and quiet comfort. A reception desk and telephone switchboard help you enjoy a new way of life.

REGENCY TOWERS

You step from the high speed elevators into a glass-walled foyer and a wide, richly carpeted hallway leading to the recesses double-door entrance of your apartment residence.

The discerning good taste of a REGENCY TOWERS high-rise home is designed into your regal living room. Almost all have large corner window-walls that open onto spacious wrap-around terraces and spectacular views.

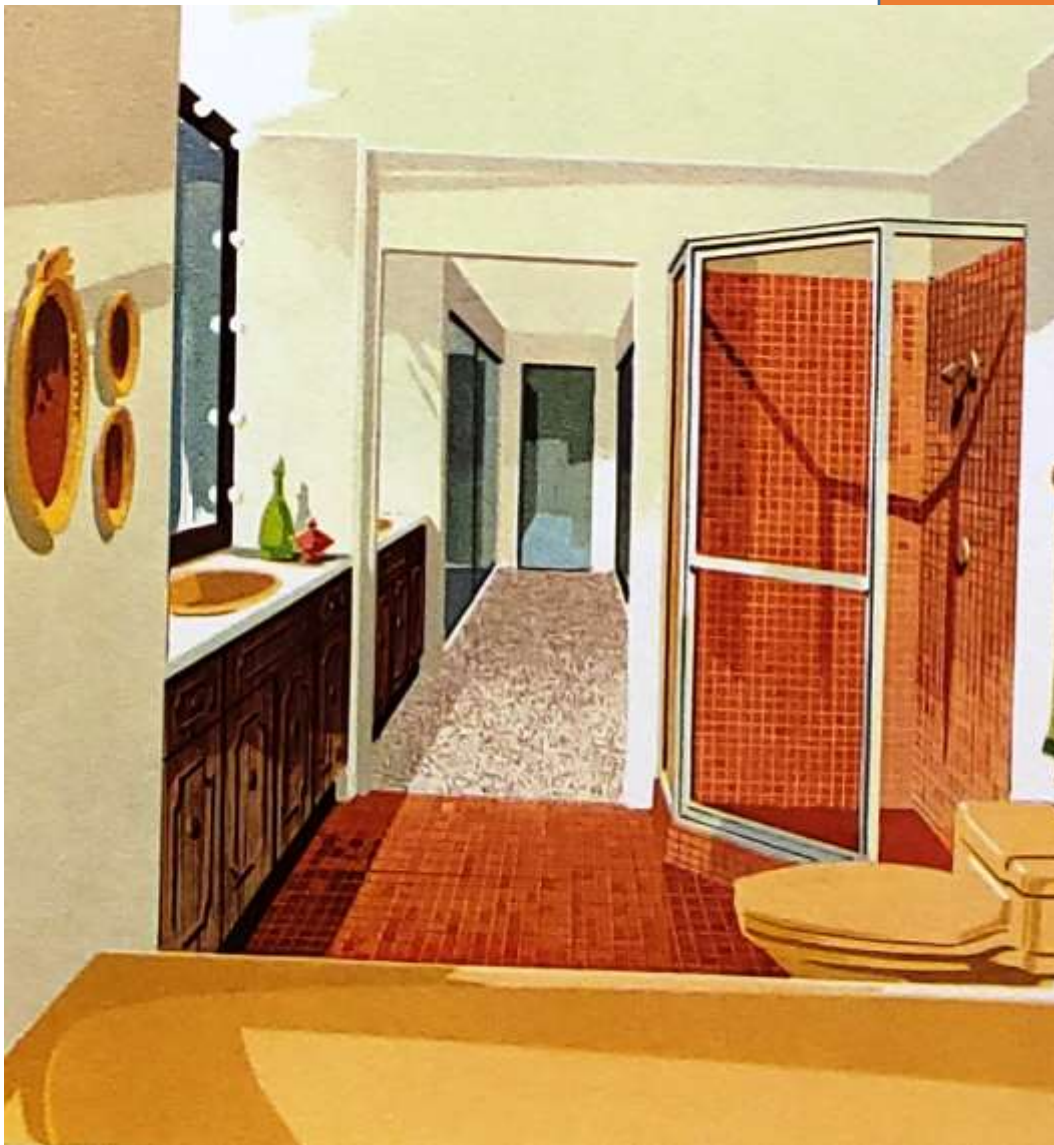

Each apartment home has an individual, independent climate control system for your year-round comfort.

The impressive master bedroom has an airy atmosphere of relaxed privacy: the full width window-wall brings the magnificence of the scenery into your apartment home.

At your bedside is a “panic button” – the final link with 24-hour security protection for your complete peace of mind. You can instantly flash the reception desk in case of any emergency.

Every master bath with its vanity type sink also has a separate shower and tub. The dressing room is a delight with a walk-in closet,, two wardrobe walls and a make-up table with a sink and lighted mirror.

Your kitchen was expertly engineered to help you achieve effortless living. Handsome paneled cabinets, the latest appliances, including a washer-dryer are all carefully integrated for working ease.

The Dining Room has a panoramic floor-to-ceiling glass bay to make entertaining an outstanding event. A separate delightful area is thoughtfully placed for more casual occasions.
